1/ The categories are designated in Sec. 402.2(f)(1). A category contains all securities with maturities greater than or equal to the lower of the designated maturities, but less than the higher. Maturity designations in parentheses refer to maturities of zero-coupon instruments to be placed in that category. In categories A, B, C, and D, zero-coupon instruments are to be treated in the same manner as all other instruments. A half year (.5) is always considered to be 6 months.

2/ Long financings are financings which provide securities to a broker or dealer; short financings are those which provide funds.
